Epidemics and International Law : A Selective Bibliography

Ms. Eveline N. van Trigt (Peace Palace Library, The Hague)

Introductory Note

This bibliography has been compiled from a number of sources. It concerns digital and printed materials from the Peace Palace Library and also several (legal) sources from the internet. Such as: legal databases, articles, legal blogs, repositories, webinars and other relevant sources for the use of the researchers of the Centre for Studies and Research in International Law and International Relations of the Hague Academy of International Law. The bibliography is continually being updated and will reach its final shape and size in 2021.

Please log in to your account on the website of the Peace Palace Library with your email address and password in order to access all bibliographic content. In case it concerns books and articles which are not digitally available through our library catalogue, these bibliographic entries are followed by an ocn number (OCLC Control Number) so you can look them up either in the Peace Palace Library catalogue or in another library catalogue. Or you can launch - against costs - an [interlibrary loan request](#) at the PPL.

If you have any problems with access to online databases, digital books or articles, please ask for assistance at the Reading Room desk (library@peacepalace.org).

Directors of Research

Prof. Shinya Murase (Sophia University, Tokyo)

Ms. Suzanne Zhou (McCabe Centre for Law and Cancer, Melbourne)

TABLE OF CONTENTS

1. History of Epidemics and International Law	3
2. Epidemics & International (Health) Law, Health Policy, Health Governance and Health Security	13
3. (Legal) Definitions and Practice (Epidemics, Pandemics, Health Emergencies, cf. Disasters)	24
4. Institutional Framework: WHO, UN, Regional Organizations and Other International Organizations	26
4.a. UN.....	26
4.a.1. WHO.....	31
4.b. EU.....	39
4.c. COE.....	44
4.d. Other International and Regional Organizations.....	47
5. Legal Instruments (Including the WHO IHRs (2005))	49
6. Assessment of Scientific Evidence	56
7. International Cooperation (Obligations of the Affected State; Assistance to the Affected State)	59
8. Epidemics and Human Rights	62
9. Epidemics and Trade/Investment/Intellectual Property/Competition Law/Environment/Humanitarian Law/Air & Space Law	84
10. Epidemics and International Responsibility	98
11. Epidemics and Liability	101
12. Epidemics and Dispute Settlement	102
13. National Legal Response to Epidemics	110
